Re: *Trucking Ass'n of N.Y. v. Metropolitan Transportation Auth.*
No. 1:24-cv-04111-LJL

Dear Judge Liman:

Our office represents defendant Letitia James, Attorney General of New York, in this matter. Yesterday, the Court issued an order in this case (as well as three other cases concerning congestion pricing) requiring the parties to file a letter stating whether the case was moot and whether the pending motions no longer require decisions. *See, e.g.*, ECF No. 34. As the order requires, we will respond by June 17. In the meantime, we would like to respectfully request that the Court adjourn the deadlines for response and reply briefs on the pending motion for a preliminary injunction.

As explained in a letter submitted by counsel for the Metropolitan Transportation Authority and Triborough Bridge and Tunnel Authority on June 5, Governor Hochul has directed the MTA to “pause” implementing the congestion pricing program, which was scheduled to begin on June 30. ECF No. 30. Based on that pause, we respectfully request that the Court adjourn *sine die* the deadlines for response and reply briefs on the Trucking Association’s pending motion for a preliminary injunction. Counsel for the Trucking Association has indicated that, based on the representation that counsel for MTA made in her letter to the Court that congestion pricing would not start on June 30, the Association does not oppose that adjournment.
